

VendAid

“Revolutionizing Access to Medications”

Image: Sleek vending machine with a glowing touchscreen, stocked with clearly labeled over-the-counter medicines.

INSIDE LEFT PANEL — About Us

Who We Are

At **VendAid**, we're redefining how people access essential medications. Our state-of-the-art pharmaceutical vending machines provide 24/7 access to trusted over-the-counter (OTC) medications and health products, conveniently placed in high-traffic areas like malls, airports, hospitals, universities, and workplaces.

INSIDE CENTER PANEL — Our Product

Smart. Safe. Secure.

Our vending machines are:

Secure & Regulated

Equipped with tamper-proof technology and compliant with FDA guidelines.

User-Friendly

Intuitive touchscreens, multi-language support, and cashless payment options.

Remotely Managed

Real-time inventory tracking and temperature control via cloud-based software.

Customizable Inventory

Offer everything from pain relievers and allergy meds to personal hygiene and wellness products.
